Brand: Hurricane Engine: Honda L15A Part Type: Connecting Rods Center to Center Length: 147.7mm/5.815" Big End Bore Diameter: 43.01mm/1.693" Big End Width: 17.80mm/0.701" Small End Bore Diameter: 18.00mm /0.709" Small End Width: 17.83mm/0.702" Beam Style: I-beam Connecting Rod Bolt Diameter: 3/8" Quantity :4 pieces per set Approximate Connecting Rod Weight: 365g/piece Advertised Horsepower Rating: 800hp Material: Forged 4340 steel Connecting Rod Finish: Shot-peened, Polished Pin: Bronze wrist pin bushings Wrist Pin Style: Floating Cap Retention Style: Cap screw Weight Matched Set: Yes ,Balanced +/- 1g Magnafluxed: Yes Private Label: Yes ,available Custom design: Yes, accept

## I Beam Forged 4340 Conrods for Honda L15 L15A Description

These Honda L15A FIT/JAZZ forged 4340 connecting rods engineered and forged from high quality <u>4340</u> <u>steel material</u>, are suitable for high performance Honda L15A racing applications. They are designed and finish-honed at Hurricane rods factory, per rod shot-peened to improve fatigue life and featured with bronze wrist pin bushings, round shoulder design to improve clearance. Built as I-

Beam shape for added strength, I-beam a large flat area that is perpendicular (90 degrees) to the side beams. The side beams of the rod are parallel to the holes in the ends for the piston pin and crank journal, providing a good combination of light weight, tensile and compressive strength to handle high rpm tension forces. Honda L15A I-Beam

147.70mm connecting rods are packaged in set of 4 and designed to fit 800 horsepower.

I-beam shape

## FAQ

Q: Which express you can offer ?

A: We accept FedEx, DHL, UPS, TNT, EMS and CDEK ... and Sea transportation . For some countries in Europe , we can offer Railway express ,you can view some information in here : <u>New</u> <u>China-Europe Freight Train Route Launched</u> .
