Brand: Hurricane Engine: BMW M3 S54

Part Type: Connecting Rods

Center to Center Length: 139mm/5.472" Big End Bore Diameter: 53mm/2.087" Big End Width: 19.80mm/0.780"

Small End Bore Diameter: 21mm /0.827" Small End Width: 19.80mm/0.780"

Beam Style: H-beam

Connecting Rod Bolt Diameter: 3/8 "

Approximate Connecting Rod Weight: 510g/piece

Advertised Horsepower Rating: 900hp

Quantity: Sold as 6pieces /set Material: Forged 4340 steel

Connecting Rod Finish: Shot-peened, Polished

Pin: Bronze wrist pin bushings Wrist Pin Style: Floating

Cap Retention Style: Cap screw

Weight Matched Set: Yes ,Balanced +/- 1g

Magnafluxed: Yes

Private Label: Yes ,available Custom design: Yes, accept

Connecting Rod Set for BMW S54 Engines Descripition

All rods supplier are often asked about general horsepower ratings for the various designs of its connecting rods, especially <u>Carrilo</u>, <u>callies</u>, <u>Manley</u>, <u>Lunati</u>, <u>Eagle</u>. Unfortunately, this cannot be answered in a simple way. The most relevant rod design parameters are Inertia forces (a function of engine speed, crank train geometry and assembly weights) and Cylinder firing pressure (tuning, fuel, boost, etc.). Through increased engine speed, displacement, firing pressure or a combination thereof, horsepower is gained. However, through the various changes in the cycle, the demand on the rods varies greatly. Moreover, extreme dynamic loads on the drive train such as intermittently free spinning wheels or propellers (Hill Climb races, Off-Shore boat races) should be considered the when making the right choice of rod.

BMW E46 M3 S54 3.2L Engine S54 - Forged Connecting Rod Set Feature:

- 1. Forged 4340 steel
- 2. The Straight H-beam is the stoutest beam configuration available. It is capable of handling the most abusive forces in an engine
- 3. Extra big end design
- 4. Double oil hole on small end

Related connecting rods:

- 1. BMW M3 E46 S54 3.2L I-Beam Forged Steel Connecting Rods
- 2. Set of 6, BMW M3 E46 S54 3.2L X Beam Connecting Rods

Set of 6 of 4340 Chrome Moly Connecting Rods for BMW S54 E46 M3 can reach 900 horsepower.
