Custom design	Yes, accept

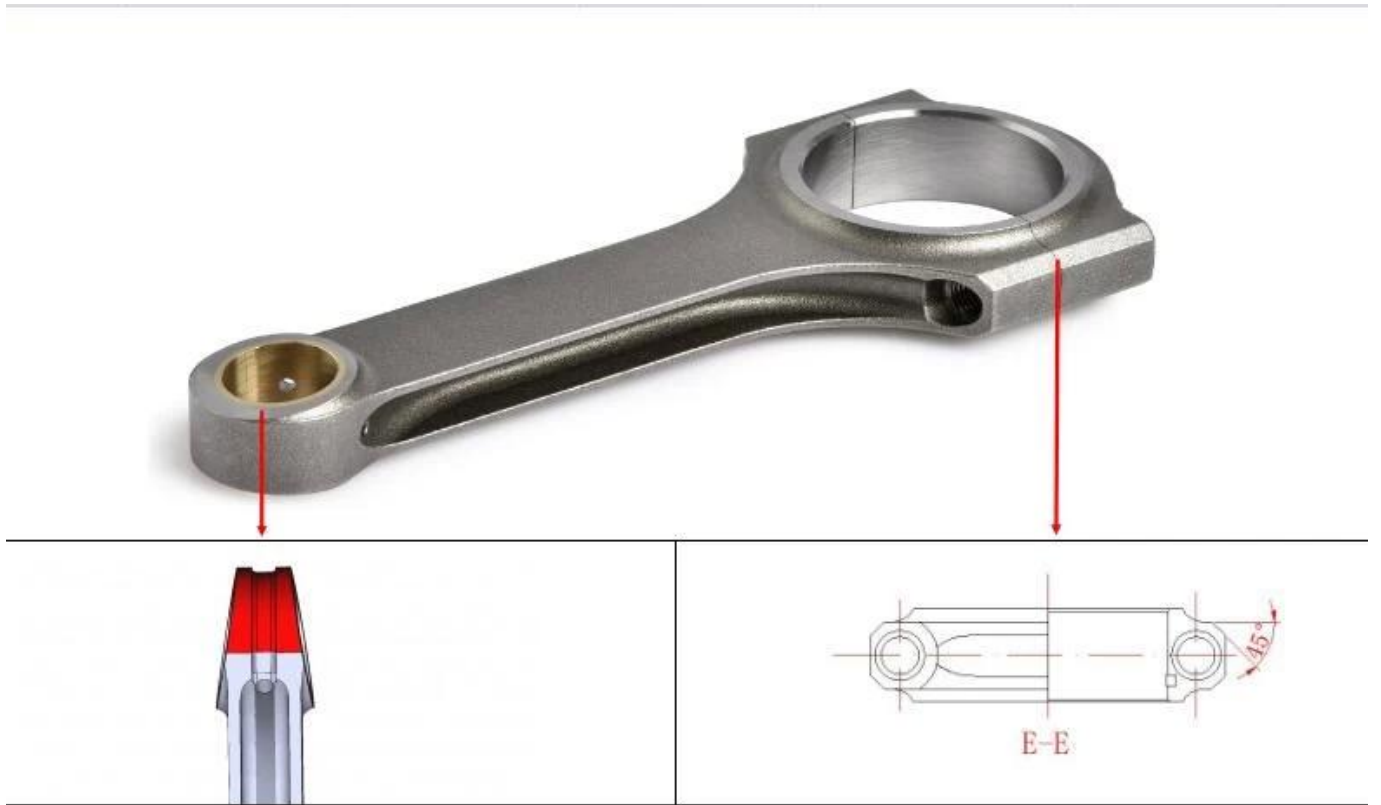

2.0L TSI EA888 Forged 4340 Steel Con-Rod Set by Hurricaneroads.com Description

All Hurricane Speed and Performance EA888 connecting rods are constructed of premium 4340 forgings and are peened, heat treated and inspected for uniformity. Rod design and features are carefully designed and finalized in house through computational analysis and backed by a knowledge base backed through many years of application testing. All machined bores are inspected for proper fitment and clearances before they leave our facility.

ADDITIONAL FEATURES

TAPERED P.E

Tapered pin end feature allows weight saving and increased clearance when using boxed pistons.

RIFLE DRILLED

This feature provides better pin oiling and cooling leading to increased longevity of the whole piston-rod set.
