Brand: Hurricane Engine: Honda B18

Part Type: Connecting Rods

Center to Center Length: 141.33mm/5.564" End Bore Diameter: 48.01mm/1.8902" Big End Width: 23.75mm/0.935"

Small End Bore Diameter: 19.99mm /0.787"

Small End Width: 22.86mm/0.900"

Beam Style:H-beam

Connecting Rod Bolt Diameter: 3/8"

Approximate Connecting Rod Weight: 535g/piece

Advertised Horsepower Rating: 750hp

Quantity: Sold as 4 pieces /set Material: Forged 4340 steel

Connecting Rod Finish: Shot-peened, Polished

Pin: Bronze wrist pin bushings Wrist Pin Style: Floating

Cap Retention Style: Cap screw

Weight Matched Set: Yes ,Balanced +/- 1g

Magnafluxed: Yes

Private Label: Yes ,available Custom design: Yes, accept

## Hurricane H beam Honda B18 Connecting Rods Description

Hurricane con rod material use chromoly 4340 steel, test report please <u>Click here</u>. These new Honda b18 performance con rods are manufactured from a ONE-PIECE FORGING. The forging process forces the grain into the shape of a connecting rod, resulting in a superior fatigue life.

Hurricane is a performance standard and custom connecting rods manufacturer, All of our race spec connecting rods are produced on whole CNC production line.

Micro-polishing and burnishing treatment make connecting rods appearance looks smooth, also enhance connecting rods durability. If you are looking for performance Honda race rod without breaking your budget, consider us for reliable strength.

Hurricane offer various designs and specifications connecting rods for Honda B18 engines.
