5. Fully Machined and Shot Peened to relieve stress

6. Fitted with the bronzed bushing suitable for the floating piston pin
7. Optimal balancing for weight matched sets ± 1 gram

Honda F22C Connecting Rod Applications:

2004-2009 Honda S2000 (F22C1) (North America)

2006-2009 Honda S2000 (Japan)

Customer Feedback For Hurricane Honda Rods

RE: HUR tool [收件箱] ↑ ↓

OK, we will get the dimensions on the other rod and see where it falls as we may order both at the same time.

For the pistons we are currently looking for pin and clip mfg's so it may take a bit as some of the designs may have to change based on what we can find.

We also have another new order. Please send over drawings to verify. Our customers were very happy with the x-beam F20c that you did for us so we would like to order that design

30 pieces x F22c x-beam with the same design as F20 with 7/16 bolt thread
30 pieces x K20 x-beam with the same design as F20 with 7/16 bolt thread

We are ready to order when drawings are approved.

Thanks,
John

Hi Rebecca,

The rods look great, I'll let you know when we need more. Thank you.

Regards,
