

Brand: Hurricane\*  
Engine: Chrysler 7.0L/426 7.2L/440 Mopar big block RB  
Part Type: Connecting Rods  
Center to Center Length: 180.34mm/7.100"  
End Bore Diameter: 59.055mm/2.325"  
Big End Width: 25.578mm/1.007"  
Small End Bore Diameter: 25.15mm /0.990"  
Small End Width: 28.575mm/1.125"  
Beam Style: H-beam  
Connecting Rod Bolt Diameter: 7/16"  
Approximate Connecting Rod Weight: 800g/piece  
Advertised Horsepower Rating: 900hp  
Quantity: Sold as 8pieces /set  
Material: Forged 4340 steel  
Connecting Rod Finish: Shot-peened, Polished  
Pin: Bronze wrist pin bushings  
Wrist Pin Style: Floating  
Cap Retention Style: Cap screw  
Weight Matched Set: Yes ,Balanced +/- 1g  
Magnafluxed: Yes  
Private Label: Yes ,available  
Custom design: Yes, accept

These H-Beam Steel Rods are precision forged of select 4340 aircraft quality steel,vacuum degassed to remove impurities. They are forged in two pieces to insure proper grain flow, then all surfaces are CNC machined into a track proven H-Beam design and shot-peened to relieve stress. Silicon Bronze bushings are then installed for increased wear resistance and precision ground alignment sleeves are added to the rod cap to prevent cap walk under high horsepower loads.

**Features:**

Material:[40CrNiMoA](#) heat treatment:HRC34-38

Copper bush:QAL10-3-1.5

Dowel:40Cr,HRC40-42

Surface:Extra shot peened non machined surfaces

No note tolerance:  $\pm 0.15$

Bolt torque:7/16-95N\*M

Packing:8pcs/set,balance weight within  $\pm 1g$

As a connecting rod manufacturer, we believe that focus on the quality and customer needs can be successful. Now our main products: connecting rod, has grown to be a professional product. All Hurricane connecting rods are Computer Controlled Numeric(CNC) machined and shot peened, material: **4340 steel, 40CrNiMo(US) or EN24(EU)** . This is a chrome moly alloy with high tensile and fatigue resistance. Much more We can not only do Forged rod, but also Billet and Aluminum. We have hundred kinds of connecting rods for racing-car, all rods before we machined have post one by one.

If rods have in stock, very affordable prices could be provided for yourselves engine or test. We even can design all kinds of rods that what you want. For example [H-beam, I-beam, A-beam, X-beam](#). Aluminum racing connecting rod, asymmetrical connecting rod, inverted connecting rod. Just tell us your

require, how many horse power you needs for the engine or market, we could help satisfied your inside needs with lower price, quality guaranteed.

If you have any needs, please feel free to contact us online or Leav an message to us. We would like to reply you ASAP.
