Connecting Rods X Beam for Nissan VQ35DE 350Z G35

VQ35 Description

VQ35DE Forged Connecting Rods are produced from high quality forged 4340 steel forgings. All hurricane connecting rods Using one piece forgings to manufacturer ensures a uniform flow of the material grain which ensures maximum strength especially when compared to the cheaper manufactured two piece designs commonly found at the lower end of the market.

Connecting Rods Set Nissan 350Z Infiniti G35 3.5L V6 VQ35DE are for use in applications that require a strengthened link between the crankshaft and piston. Connecting Rods X Beam for Nissan VQ35DE 350Z G35 VQ35 are far superior to any OEM manufactured rod and can hold 1000 horsepower.

Hurricane factory provide lots of Nissan forged steel connecting rods, like SR20, RB25, RB30, TB48 etc. custom design order are also acceptable, feel free to [contact us](#) with your need.
